PROFILE

Full-Stack and WordPress Developer with 4+ years of experience building scalable web applications and high-performing websites. Grew from front-end development into full-stack engineering, building complete systems end-to-end. Strong expertise in WordPress, WooCommerce, Elementor, and JavaScript, React, Laravel, PHP, RESTful APIs, and large database systems. Proven ability to improve performance, automate workflows, and deliver user-focused solutions. Highly motivated, proactive, and committed to continuous improvement — I take ownership of projects, learn fast, and consistently push myself to deliver work that is thoughtful, reliable, and aligned with business goals.

TECHNICAL SKILLS
